Hi Patricia,

I'm including our District Director Debbie as well as my colleagues Norman, Len, Nate and Cecilia to determine the best location for an evening outreach event on [People St](#). My gut is that the Westchester/Playa/Venice area will be more interested than parts north but by including my colleagues I'm hoping to solicit their input. FYI I sent a note to my boss as well to see if he's available that evening to stop by/participate.

Regards,

Paul Backstrom

Thank you Paul.

LADOT is launching [People St](#) - a citywide program for plazas, parklets and bike corrals. We are now working on the outreach in preparation for the official launch on March 3.

This is a bottom-up program based in partnerships – costs and responsibilities are shared between Community Partners and the City. Its also an application based program and this introductory, inaugural application window will close in April.

We strongly believe that educating the community on the program will be key to its success. We would like to host 5 public meetings including one on the west side.

Fwd:

As discussed - if you could provide me with a location recommendation. We would need a facility that could accommodate 40-100 people and ideally we would hold the meeting the weeks of February 27 in the early evening.

I look forward to hearing from you. Thank you.
